PASSAGE FROM ICELAND

AN EXPLORATION FROM ICELAND
TO SCOTLAND INCLUDING
THE FAROE ISLANDS
ABOARD THE MS HEBRIDEAN SKY
11TH TO 23RD JUNE 2023

NOBLE CALEDONIA

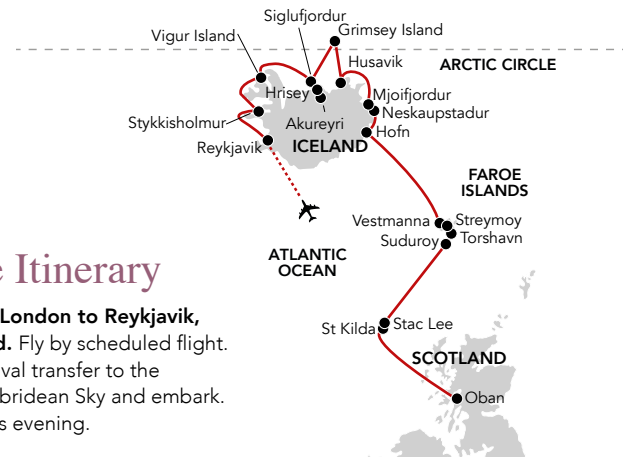

Lake Myvatn

Join us aboard the MS Hebridean Sky for an expedition which combines an in-depth exploration of Iceland, one of the most extraordinary and dramatic lands on the planet with time spent discovering the remote and little visited Faroe Islands and a call into the remarkable archipelago of St Kilda. A journey by small ship is the ideal way to get up close to nature and explore areas inaccessible to larger vessels and an expedition such as this can only be undertaken by a special vessel with the self-sufficient qualities of the MS Hebridean Sky. With her expert team and fleet of Zodiacs we will be able to land on remote islands and cruise close to shorelines and cliffs crowded with birdlife. With just over 100 travelling companions, the atmosphere on board is warm and friendly and ashore with our local experts we will divide into small groups thereby enjoying a more comprehensive and peaceful experience. We have timed our voyage for June when we can make the most of the long days and the midnight sun, spending time on deck whilst cruising looking for wildlife which inhabits the region in summer.

We will set sail from the Icelandic capital of Reykjavik and spend eight days discovering the natural wonders of Iceland. Whilst exploring the island we will witness the immense scale of the landscape dominated by towering snow-capped mountains, thundering waterfalls and spontaneous erupting geysers as we learn of the centuries old legacies of a Viking and Norse heritage. Europe's least populated country offers the visitor a truly unparalleled experience of elemental forces at work. We will visit some of its most dramatic areas and, whilst we sail its waters, will look out for humpback whales, orcas, white-beaked dolphins and observe the colonies of seabirds.

Leaving Iceland we sail south to the Faroe Islands, once a stopping point for Viking explorers, this mysterious collection of 18 islands set in the North Atlantic, halfway between Norway and Iceland, is a paradise for walkers and bird watchers. The intriguing history of the islands can be traced back to the Irish monks who settled here in the 6th century and the 9th century seafaring explorers who traversed the North Sea. Here, a highlight will be seeing the many puffins and other sea birds nesting and we will spend three days exploring the villages and rolling hills of these distant isles before venturing further south to St Kilda and finally on to Oban.

The Itinerary

Day 1 London to Reykjavik, Iceland. Fly by scheduled flight. On arrival transfer to the MS Hebridean Sky and embark. Sail this evening.

Day 2 Stykkisholmur.

During breakfast we arrive at Stykkisholmur located in Breidafjörður Bay and surrounded by an archipelago of islands. The town is famed for its beautiful and well preserved old houses and is also the gateway to the Snæfellsnes Peninsula which is dominated by the Snæfellsjökull volcano, regarded as one of the symbols of Iceland and known as the setting for Jules Verne's "Journey to the Centre of the Earth". A morning tour will include a drive through the lava landscape to the glacier visiting pretty fishing ports and beaches along the way. Spend the afternoon at leisure in the town.

Day 3 Vigur Island. This morning we enter the Western Fjords, an isolated but spectacular area of Iceland. We will explore Isafjardardjup with the MS Hebridean Sky and depending on local weather conditions, we hope to land on Vigur, a serene little island

with only five residents but home to many more puffins, eider ducks, black guillemots and Arctic terns. We will also visit Iceland's only extant windmill dating from the 19th century. Sail over lunch and maybe join a lecture as we spend the afternoon at sea.

Day 4 Akureyri & Hrisey Island.

Akureyri is a delightful town on the north coast of Iceland and not what you would expect to find in such a remote location. In summer months the gardens and window boxes are ablaze with colour. On a morning tour we visit the spectacular Godafoss Waterfall where water from the Skjalfandafjot river falls from a height of 12 metres over a width of 30 metres. From Godafoss we return to the charming town of Akureyri and visit the botanical garden which was founded in 1912 and grows examples of every species indigenous to Iceland as well as an extensive collection of high-latitude and high-altitude plants from around the world. Our tour ends at the Art

Icelandic waterfall

Myvatn-Krafla area

Puffin

St Kilda

Alley, where artisans keep their workshops and galleries. Return to the ship for lunch and sail to Hrisey Island this afternoon where you can join nature walks. The island is known for its rich and diverse bird life and approximately 40 species of birds nest on the island. We continue to Siglufjordur this evening where we moor overnight.

Day 5 Siglufjordur & Grimsey Island. The picturesque town of Siglufjordur enjoys an idyllic setting in a small fjord backed by mountains. Here in the early 1900s, a booming economy due to the herring industry resulted in a prosperous town with some marvellous Icelandic architecture. Stroll through the town and visit the Herring Era Museum. We will spend the afternoon on Grimsey Island. The Arctic Circle bisects this island which is known for its tiny community, basalt cliffs and large variety of birdlife. On arrival join our expedition team members for a nature walk on the island.

Day 6 Husavik. Over breakfast we arrive in Husavik, known as the whale capital of Iceland. There will be a choice of excursions to choose from. Using local boats explore Skjalfandi Bay looking for one of the 15 species of whales, the most popular being humpback, minke and blue whales, as well as white beaked dolphins and many different kinds of birds. Alternatively, visit the Lake Myvatn-Krafla area, a fine example of the volcanic world with lava fields, boiling and steaming mud pools and steam vents of sulphur and craters. The area

illustrates the sheer magnitude of Iceland's forces at work. The lake itself, with beautiful natural rock formations and hot springs, is also a unique ecosystem and the largest migratory bird sanctuary in Europe. We will offer time in the natural baths before returning to the ship. After lunch on board we have the afternoon to explore the pretty town including time at the excellent whale museum, the exploration museum and quaint local church.

Day 7 Neskaupstadur & Mjoifjordur. Enjoy the benefits of our small ship as we explore the lesser known fjords in the south east of Iceland. This morning we hope to land at the small town at Neskaupstadur for a chance to visit the excellent museum which features the local art gallery, Museum of Natural History and Maritime Museum. Those feeling active can hike to the avalanche barriers behind the town, offering great views of the surrounding areas. This afternoon we cruise through Mjoifjordur where we can enjoy the wilderness of this remote area.

Day 8 Hofn. Today we will see the shimmering white Vatnajokull Glacier, Europe's largest glacier, sometimes called an icecap. The 600 metre thick ice surmounts active volcanoes, one of which erupted in 1996, creating a crater on the surface of the glacier, a most unusual phenomenon. We will drive to the otherworldly glacial lagoon of Jokulsarlon, a dramatic drive through some of the finest scenery that Iceland

offers. Once we reach Jokulsarlon, the 100 metre deep glacial river lagoon which is full of large icebergs, carved from the glacier Breioamerkurjokull, we will embark on a cruise on the pristine water, sailing in between the blue, white and black ice.

Day 9 Vestmanna, Faroe Islands. We spend the morning at sea as we cross to the Faroe Islands. Vestmanna is our base this afternoon as we explore the northwest corner of Streymoy and the nearby cliffs. We will board local boats to explore the vertical cliffs that climb almost 1500 feet, sailing into grottos carved by the surf over the years and watching the thousands of seabirds including puffins, guillemots, fulmars and kittiwakes that nest here each summer. Cruise over dinner to Torshavn where we moor overnight.

Day 10 Torshavn. From our berth this morning we will join a guided tour through Torshavn over the hills to Kirkjubour, the island's oldest cultural centre, where we see the ruins of the 13th century St Magnus Cathedral and the 11th century church, still in use. We also visit the 900-year old 'Rokkstovan', the old bishopric, considered to be the oldest wooden house in Europe. For those feeling active we will arrange a hike in the hills surrounding the town to discover the local flora and fauna. After lunch on board, we will drive to the beautiful village of Saksun, an isolated settlement situated beneath steep majestic mountains. We visit Duvugaroar, an old farmhouse, which is now a museum

and visit a traditional Faeroese wooden church in Kollafjord.

Day 11 Suduroy. Today we will arrive at Suduroy, the southernmost island of the Faroe Islands. From the port of Tvoroyri we will have a choice of activities. Choose to join an island drive passing the beautiful scenery as we drive between the villages seeing the stunning geology, fjords, tunnels and architecture of the island and end at the southernmost point and the Akraberg lighthouse. In Porkeri we will take the ridge-top road which winds up the mountainside for wonderful views towards the steep cliffs on the west coast, the Beinisoro promontory to the north and the luscious grass slopes to the east. To locals, this delivers the essence of the Faroe Islands with mountains and fjords, villages and valleys, birds, sheep and nature. Alternatively, those feeling active may wish to join a hike to Hvaanagi, a beautiful, uninhibited place north of Tvoroyri on the east coast of Suduroy. The view is fantastic towards the three islands Litla Dimun, Stora Dimun and Skuvoy. Return to the ship for lunch and a relaxing afternoon on board as we sail to Scotland.

Day 12 St Kilda & Stac Lee, Scotland. Awake this morning in St Kilda, a remarkable uninhabited archipelago some fifty miles beyond the Outer Hebrides. Dominated by the highest cliffs and sea stacks in Britain, Hirta, St Kilda's main island was occupied on and off for at least two thousand years, with the last

36 Gaelic speaking inhabitants evacuated at their own request in 1930. Immediately after the evacuation, the island was bought by the Marquess of Bute to protect the island's thousands of seabirds including puffin and fulmars, and in 1957 it was bequeathed to The National Trust for Scotland. St Kilda is one of only a few UNESCO World Heritage Sites with dual status reflecting its natural and cultural significance. The local ranger will join us on board before our expedition staff lead a number of guided walks on the island. Later, we will cruise past one of the largest gannetries in the world, Stac Lee.

Day 13 Oban. Disembark after breakfast. Transfers will be available at a fixed time to

Glasgow Airport and Glasgow Central Rail Station.

SHIP TO SHORE

This voyage is a combination of both expedition style cruising and small ship destination cruising. Whilst we will be alongside most days, we will be at anchor and the vessel's Zodiacs will be utilised to transport passengers ashore when visiting Vigur Island, Hrisey Island, Grimsey and St Kilda. The use of the Zodiacs will be key to the operation of the planned itinerary. If you have any queries pertaining to the use of Zodiacs or the level of fitness required for this voyage please do not hesitate to ask one of our experienced travel consultants.

MS HEBRIDEAN SKY

Alfresco Dining

Owner's Balcony Suite

The Restaurant

The MS Hebridean Sky is one of our two flagships and sister vessel to the MS Island Sky. Both vessels were built in the same shipyard in Italy at similar times and share the same excellent attributes that make them two of the finest small ships in the world. With a maximum passenger capacity of only 118, a vessel of her size is capable of carrying many more but instead the MS Hebridean Sky has the benefit of unusually large suites, luxuriously appointed public areas and spacious outside decks.

Your Suite

On board there are 59 exceptionally spacious and well-designed suites. All feature a sitting area and some have private balconies. The feeling of luxury is enhanced by the wood panelling and brass, which predominates throughout the vessel conveying the atmosphere of a private yacht. The passenger accommodation is arranged over five decks and all suites have outside views with those on the Scott and Shackleton Decks featuring private balconies. Each suite affords considerable comfort with en-suite bathroom featuring vanity unit with sink and walk-in shower, large wardrobes, dressing table with large mirror and stool and excellent storage. There is a mini-fridge, flat screen television and a telephone in each suite. Refillable water bottles, towelling dressing gowns and slippers are also provided for your comfort. Other facilities include a programmable electronic safe, hairdryer, assorted Molton Brown toiletries and individually controlled air-conditioning and heating. Soft hues and blended tones enhance the traditional maritime style making the passenger accommodation an inviting and relaxing place to be.

Your Dining

With only one sitting and a maximum of just over 100 passengers, the cuisine on board the MS Hebridean Sky is of a consistent superior quality that befits such a vessel. In keeping with the informal atmosphere on board, when dining you are able to choose your seating arrangements and choice of restaurants at your leisure; whether that be joining a table of four to six other passengers in the elegant à la carte Restaurant or, outside buffet-style on the Lido Deck in the evening sunshine. In the main Restaurant, breakfast is served buffet-style, with certain items cooked to order on request. Lunch and dinner menus offer plenty of choice, often reflecting the daily catch and local delicacies. The Welcome and Farewell dinners are a sumptuous five course affair. To enhance your dining experience further a selection of wines is included with both meals. Afternoon tea and pre-dinner canapés take place in either the comfort of the Lounge or out on the Lido Deck when the weather is favourable. Tea and coffee are also available 24 hours a day. Special diets can be catered for with sufficient notice.

The Library

Superior Suite

The Club

Your Space

The spacious and finely decorated public rooms include a large Lounge on the Byrd Deck featuring a selection of seating options from individual armchairs and sofas to side cushioned benches. Daily briefings given by the Cruise Director and talks from Guest Speakers and expedition staff take place in the Lounge. In addition to the main Lounge, there is also The Club, located on the Mawson Deck which features the main bar. The Club also features a 24-hour tea and coffee station. Towards the aft of the ship on the Mawson Deck is the Library. Well stocked with reference books pertaining to the destinations the vessel is visiting and a selection of essential reads, you will not find yourself short of excellent literature on board. A collection of games and devices to access the internet via the ship's satellite can also be found in the library. Access to the ship's satellite Wi-Fi via your own device is complimentary on board (*signal strength varies depending on location and demand*). The main Restaurant, which can seat all guests at one sitting, is located on the Amundsen Deck, and outside there is a rear Lido Deck located on the Scott Deck where meals are served in warm weather under shade. Further to this on the top Shackleton Deck there is an observation area, complete with sun loungers for sunbathing, relaxing with a book or catching up with fellow travellers. The Promenade Deck wraps around the whole ship providing outstanding views. There is also a small beauty salon on board with appointments made on request.

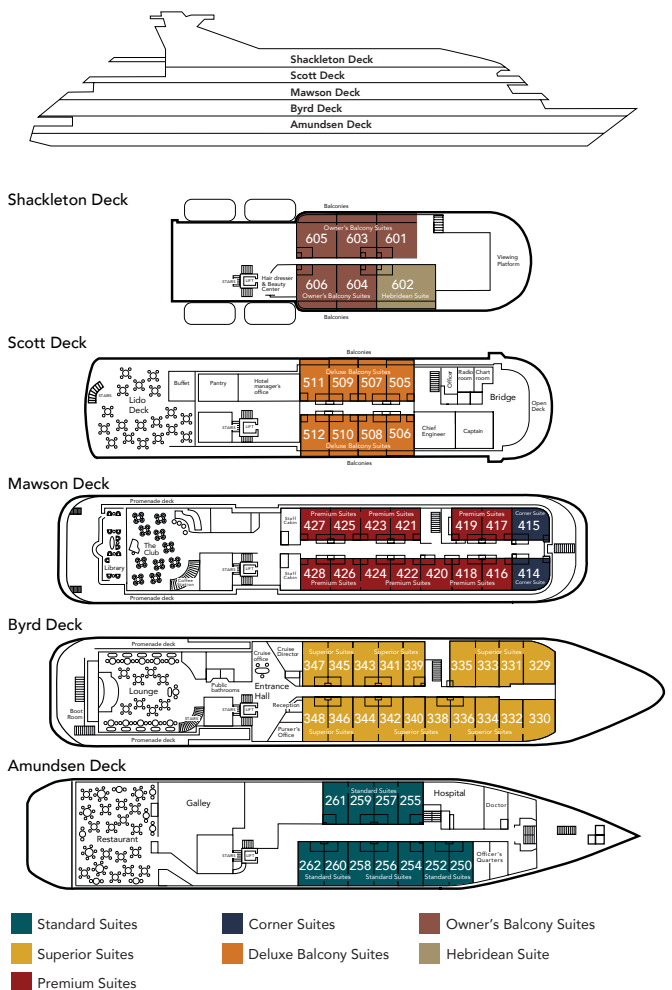

Your Comfort

The MS Hebridean Sky is equipped with the latest safety, navigation and communications equipment along with roll stabilisers to minimise the ship's motion. During your voyage we hope to offer you the opportunity to visit the Captain and Officers on the Bridge to check the vessel's progress by charts and learn more about your journey. On board you will also find a clinic and Doctor and a lift that serves all decks. When at anchor our nimble Zodiacs will ferry you ashore or, on select cruises, enjoy Zodiac cruises getting you closer to the natural world.

Your Life On Board

The atmosphere on board is warm and convivial and more akin to a private yacht or country hotel in which you can learn more about the wonderful destinations you are visiting in the company of like-minded people. There is a high ratio of crew to passengers and our friendly crew of 75 are mainly Filipino and Eastern European and our Captains are experienced mariners. After a day ashore you will return to the comfort and peace of a well-run and exceedingly comfortable ship where peace, high quality of service and attention to detail are the order of the day. A little music in the Lounge or bar after dinner, Guest Speakers and informative port briefings and of course good food, all contribute to make any voyage aboard this wonderful vessel a memorable and joyful experience.

MS HEBRIDEAN SKY DECK PLAN

Please note that beds in each suite can be configured as double or twin with the exception of suites 601 and 602 which feature a fixed double bed.
