During our worldwide explorations over the years we have come across many situations where help is desperately needed, be it following a natural disaster, civil unrest, abject poverty or to save an endangered species. So, we made it our vision to use the Noble Caledonia framework to help improve economic, social and environmental conditions in the areas we work and visit and in 2013 established the Noble Caledonia Charitable Trust (NCCT).

The Trustees of the NCCT seek to select smaller projects in the places we travel to, and beneficiaries are often suggested by our staff in the field, local agents and onboard teams who are uniquely positioned to identify projects and lead fundraising initiatives.

Noble Caledonia Ltd cover the costs of administering the NCCT so that 100% of all donations go directly to the beneficiaries. Money is raised from a percentage of Noble Caledonia's profits and through fundraising by staff and donations from our travellers.

To make a donation to the Noble Caledonia Charitable Trust, please scan the QR code below which will link to the donation page online.
